

AGD Lipiecki

Manufacturer of plastic
household products

Product Catalogue

**Polish manufacturer of
plastic household
products**

AGD Lipiecki is a family-owned company established in 1981. We specialise in manufacturing high-quality plastic household products. From the outset, we have focused on quality, functionality, varied forms, contemporary design and a broad colour range. Our honest approach to business has enabled us to build a strong position in the Polish household-goods market and long-lasting partnerships with our customers. We value constructive cooperation, high service standards, reliability and professional expertise.

Daniel Lipiecki, Company Owner

Marek Lipiecki, Company Founder

Since 2021, the company has been managed by Daniel Lipiecki, the founder's son. From an early age, he learned the principles of sales, management and production under his father's guidance. After taking ownership, he launched a comprehensive modernisation programme, including the robotisation and automation of production processes and the expansion of the company's facilities.

We treat our work as a passion. Fishing and aquarium keeping are also important interests that inspire us and support our creativity. We continue to develop and introduce new solutions to meet our customers' needs.

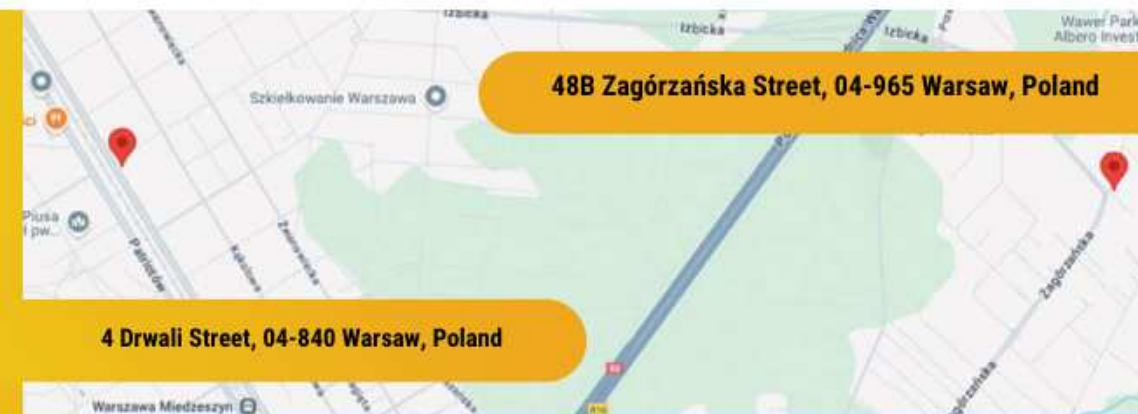

AGD Lipiecki

Manufacturer of plastic household products

Recent changes in global markets have shown that understanding customers requires ever greater commitment and faster responses to changing consumer expectations. Our flexible organisation enables us to adapt effectively.

We continuously expand our machinery, packaging systems and warehousing capacity. We optimise every stage of production to increase efficiency and fulfil customer orders as quickly as possible. We also participate in trade fairs and industry exhibitions, where we identify new solutions and implement the most valuable ideas in our company.

KITCHEN

**Four-Sided Grater
(Z003)**

Versatile four-sided
grater

Material: Polystyrene
Pack: 100 pcs.
