AGD Lipiecki

Manufacturer of plastic household products

Product Catalogue

Polish manufacturer of household products

Family Tradition.
A Modern Approach.

AGD Lipiecki is a Polish family-owned company founded in 1981 by Marek Lipiecki. For 45 years, we have specialized in manufacturing plastic household products. We focus on quality, functionality and a variety of designs, shapes and colors. Our fair approach to business has helped us build lasting customer relationships and a strong position in the Polish household goods market.

Marek Lipiecki
Father

Daniel Lipiecki
Son

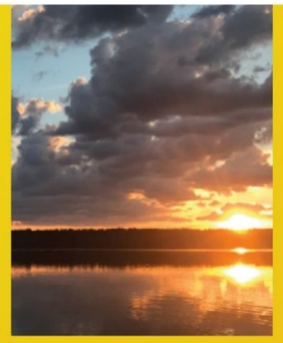

In 2021, the founder's son, Daniel Lipiecki, took over management. He gained experience alongside his father from an early age, learning about the industry, production and running the family business.

Today, he continues the family business, combining years of experience with a modern approach to management. He modernizes production and invests in automation and technological facilities. Building on the company's founding values, he prepares it for further growth.

Outside work, we share family interests in fishing and fishkeeping.

Plastic Design Solutions

Production and Operations

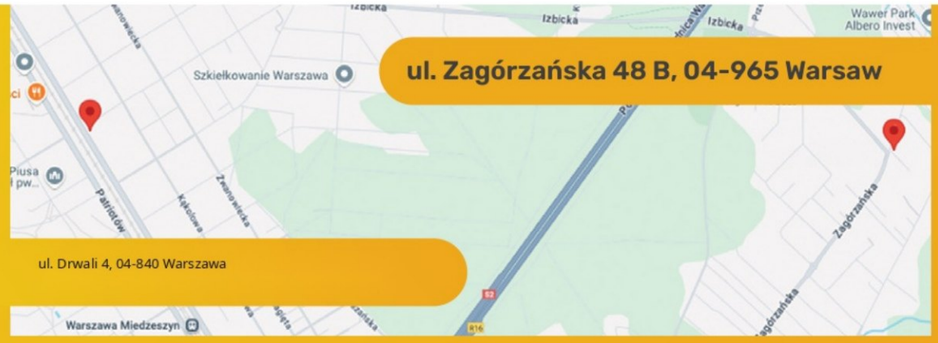

We modernize our machinery and automate production processes. We improve packing and warehouse logistics to process orders efficiently and ensure on-time deliveries. We refine each stage of our operations, from production to preparing goods for dispatch.

We focus on professional service, a flexible approach to orders and mutual trust. We attend industry trade fairs and exhibitions to discover solutions we can apply in our factory.

KITCHEN

4-Sided Grater (Z003)

Universal 4-sided grater

Material: Polystyrene

Pack: 100 pcs.

Flat Grater (Z005)

Universal flat grater

Material: Polystyrene

Pack: 150 pcs.
